Die Nutzung der Digitalisate von gemeinfreien Werken aus den Sammlungen der Stadtbibliothek im Bildungscampus Nürnberg ist gemäß den Bedingungen der Creative-Commons-Lizenz Public Domain Mark 1.0 uneingeschränkt und kostenfrei erlaubt.

Im Sinne guter wissenschaftlicher Praxis wird gebeten, bei der Verwendung von durch die Stadtbibliothek im Bildungscampus überlassenen Digitalisaten stets die Quellenangabe in folgender Form zu verwenden: Stadtbibliothek im Bildungscampus Nürnberg, [Bestandssignatur + Blatt/Seite]

Im Interesse einer laufenden Dokumentation und der Information für Benutzerinnen und Benutzer erbittet die Stadtbibliothek die Überlassung von Belegexemplaren oder Sonderdrucken von Veröffentlichungen, die aus der Benutzung von Handschriften und anderen Medien in den historischen Sammlungen der Stadtbibliothek hervorgegangen sind. Sollte eine Abgabe nicht möglich sein, wird um Mitteilung der bibliographischen Daten der Publikation gebeten.

6 forma

presul ecclesie coronatus est. Celebravit sepe divina, benedixit plebibus, officia curie ordinavit, Cardinales doctrina et auctoritate prestantes assumpsit, convenerunt et cum rege Francie Carolo cum Alfonso rege Aragonum (qui tunc hostis Eugenii ipse fuit) cum Philippo duce Mediolani cum pluribus aliis de recipienda auctoritate tractatus. Cum omnes incassum abiere, confugit et Fridericus imperator apud eum in Basilea

sed clam nocte in tempestate ~~ne adorasse idolum videri~~. Reverentia et tamquam vicario ihesu christi subditi eius tacti, et Bernenses [abiit]

populi et Basilienses et Argentinenses et qui Alberto parebant Bernardi ducis obedientie paruerunt. Fuit enim magna spes obtinende Germanie cum sex principes electores in eam sententiam federis iunxissent ut nisi Eugenius postulatis eorum annueret (postulabat autem pro se res negandas) in Amedei, quem Felicem vitum appellabant, obedientiam transiret. Sed ad illorum conatus Fridericus princeps restitit, et qui sub regimine synodi Basilee degebant abire iussisset, desperato meliori successu intervenire per legatos suos Carolo Francie rege ecclesie pace reddit. Nicolao pontifici maximo regalia, dicto nomine ipse Cardinalatus honore contentus, in quo paulo postea nostri domi vite opinionem decessit. Felix princeps et inimici felix, si senium suum ecclesiasticus titulus non fedasset. Bolomerius qui eius consiliarius et primus et dilectissimus consiliorum princeps fuerat, Eugenienses opes apud eum cumulaverat, eum nobilitas odium invadisset proditionis rei suspicionem fama tulit. Et in ea causa sedente papatus magis saxo ad collum suspenso demersus est. Nobilitas exinde nomen ducis indignationes subdita, ad regem Francie confugit, cum operibus adiuta in patriam rediit. Iohannes de Segobiensi homo hispanus moribus et doctrina illustris, qui ad summos theologie preceptores doctrina equaret, ab Amadeo dum se papam dixit, Cardinalatus eminentiam accepit, et deinde omnium consensu a Nicolao pontifice maximo Cardinalatus dimisso titulo Cesariensi ecclesie prefectus fuerat. In altissimus secondum montibus pro monasteriolo contentus. Vocatus ex hyspania legis arabice magistris, librum qui vocatur Alchoranum et in quo Machometis pseudo prophete non tam misteria quam deliramenta continentur in latinam linguam de novo vertit, et mendacia eius veris ac vivis rationibus et argumentis explosit. In Arelato ad sepulturam Ludowici Cardinalis Sancte Cecilie eius urbis episcopi qui Basilee in consensu patrum presidere vidimus magna miraculorum opinio orta est, et invalidorum frequentes curationes sepe sanitate facta. Iohannes comes Armeniaci incesto germani sororis amore pollutus nuptias eius temptare conatus, hereditate indignus existimatus est, quem pena hereditate Carolus rex Francie admis[illegible] eiecit.
